

INTEX-B
J-31
Flight Plan

For Friday 3 Mar, J31 (A/C MILAGRO 4, Tail number N22746) plans to fly north over the Gulf of Mexico toward Tampico, work over the gulf under Terra and Aqua, then return to Veracruz. This plan is based on Flight J31E presented to SENEAM last December.

For Saturday 4 Mar J31 plans to fly southwest to the Pacific south of Mexico City, and work under Aqua or Terra, then head north and return to Veracruz. This plan is based on Flight J31F presented to SENEAM last December.
